ASSAY DEPARTMENT,

June 25th, 1889

Sir

In conformity with Section 3504 Revised Statutes, I would respectfully ask, that the rate of pay per diem of Mr. H. C. Baton, A. M. Brinckle and Edw. Bradley, be increased (from \$3.00 & \$2.90), to \$3.25. - making the rate to correspond with the melters of the deposit room and others. Such increase to date from the beginning of fiscal year. These men are fully competent as melters, and as such, taken with their other work, which requires great care and experience, make them of value to this department, and for which I think they should receive a more commensurate pay.

Very Respectfully

Sir

In conformity with Section 3504 Revised Statutes, I would respectfully ask, that the rate of pay per diem of Mr. H.C. Baton, A.M. Brinckle and Edwd. Bradley, be increased (from \$3.00 & \$2.90), to \$3.25, making the rate to correspond with the melters of the deposit room and others. Such increase to date from the beginning of fiscal year. Three men are fully competent as melters, and as such, taken with their other work, which requires great care and experience, make them of value to this department, and for which I think they should receive a more commensurate pay.

Very Respectfully
